October 2020

Well wishes from the Hallett Community Center Foundation!

Since the Foundation was formed over two decades ago, we have contributed to so many fantastic things. It is our mission to continue to provide funding to update the security, safety and features throughout the facility to better serve and protect our members.

With the COVID-19 pandemic, many of us have reduced our in-person fitness at the Hallett Community Center, but it is important to your health to still stay active and fit. We are very proud of the measures that the Community Center have put in place to keep everyone as safe as possible during these uncertain times.

Through fundraising events and generous donations from our local community, we can continue to donate and support the Hallett Community Center of Crosby. Due to COVID-19 and these unsure times, the Hallett Community Center Foundation has chosen to not hold any in person fundraising events. This comes as a great disappointment for us. As 2020 comes to an end, we hope you and your family are all doing well and if allowed in your budget, would please consider keeping us in your end of year giving considerations.

In collaboration with Minnesota's Give to the Max ([givemn.org](http://givemn.org)) on November 19th, 2020, we hope that you will consider a donation to the Hallett Community Center Foundation. Donations also can be made at the Hallett Community Center or mailed to the address above. The Foundation has been approved for matching contributions from the Hallett Trustees of up to \$10,000, which would double the impact of any donation you make through December 31, 2020.

In 2021, the Hallett Community Center is especially interested in updating the equipment and flooring in the group fitness room, continuing to replace fitness equipment in the fitness center and many, many other things! We thank you in advance for your consideration and thank you for your continued support.

We wish you all the best in the remaining 2020 and wish for a happy and healthy 2021!
